The Mystery Guest @ Your Library

Carroll County, MD—Carroll County Public Library invites teens, ages 11 -17, to play an Alternate Reality Game (ARG) this summer.

Players of Alternate Reality Games work to find clues online on blogs and websites, and off-line (in the real world) to help solve a mystery. Teens can play alone or form a team. By completing the game, teens can win prizes. This is the second summer that Carroll County Public Library has offered an ARG for teens to play.

This year's ARG is titled *The Mystery Guest* and plays off of the idea that a character has escaped from a book at the library. Players must now try to put the character back and work to discover the identity of *The Mystery Guest*. To find out more or begin game play visit: <http://mysteryguest2010.blogspot.com/>
